

Plan Rubric

1	2	3	4	5	6	7	8
You speak conceptually of the importance of planning without actually doing so	You attempt a vague, random plan that is impossible to follow	You outline a few (<4) steps in a plan with no details, resulting in peers having difficulty following the plan to create the solution	You outline some (>6) steps in a plan that contains some details, resulting in peers having difficulty following the plan to create the solution	You construct a plan, which considers time and resources, sufficient for peers to be able to follow to create the solution	You construct a plan, which specifies time OR resources, sufficient for peers to be able to follow to create the solution	You construct a logical plan, which outlines the efficient use of time and resources, sufficient for peers to be able to follow to create the solution	You construct a detailed logical plan, which details the efficient use of BOTH time and resources, sufficient for peers to be able to follow to create the solution
